How to unlock indominus rex in jurassic world the game

Skip to main content Home News Search The Islands Gallery Community DLC Buy Language 2018/11/08 Jurassic World Evolution: Dr. Wu's secrets arrive on November 20, 2018! New missions, places and dinosaurs are waiting to be unlocked by you and offer a new and intriguing side to the story you have never lived in the game before! Dr. Wu is looking for park managers with a binary record in managing a successful organization and experience with hybrid dinosaur design. He earns his trust, and you will embark on a business venture together that they include all the features of this new content. If you accept its mission, a new area unlocks on Isla Muerta, where Dr. Wu is working secretly to search and reproduce hybrid creatures ever visible ... if you do well, you can unlock a series of new options and updates searches. There is much more for history, but we will not ruin the fun for you here! Apart from a completely new narrative to follow, there will also be five new dinosaurs to offer additional challenges with their behaviors and needs: the Troodon (which has a poison bite attack), the giant of the olorothite erbivore and Dr. Wu hybrids Specials: Ankylodocus, Stegoceratops and Spinoraptor will make all their appearance here. Be careful, some of them have sharp teeth ... there will be new genetic research articles like comfort genes, which will allow you to manipulate how tolerant dinosaurs are at their condition beyond the expected traits, and, for the few dr. Wu selected believes successful (or worthy ...) enough, you can unlock the Indomomus Rex Camouflage gene; After playing an indominus with this change, you can camouflage when your creation workshop will be released, the pitches, panic, is inactive or is in a forest. Don't leave this out of your view! Finally, there will be some new building updates as a further increase in incubation speed or increase in speed for the transport team, as well as an advanced storm defense station to provide better protection against difficult weather conditions. Do you think you need it? Dr. Wu's secrets will launch next to our recently announced free update 1.5 on November 20, 2018. You can get it from Steam, PlayStation or Xbox Store (depending on the platform sounds the basic game) for £ 12.99 (\$ à € à €
