We all have a special person in our lives that we can call on no matter the time of day. But when we lose this loved one, it can be difficult to navigate this crazy world without them. While we know they are in Heaven, with the Lord, we still wish we could talk with them. This country song imagines what it would be like if we could pick up the phone and just speak with our loved ones just one more time. "And give me one more chance to tell her That I love her Oh, let me hear her sweet voice one more time For I want her to know how much I'm thinking of her If there's a phone in Heaven Put my mama on the line" For many people, this special person is a parent. That is the case for singer-songwriter Mike Manuel. His touching song 'Phone In Heaven' is the perfect way to express these sentiments. It was originally written about his mother in heaven. If only we could call Jesus up and just hear our loved one's voices one more time. "All those things I should have told her When I still had the chance But one day, Lord, you took her With no warning in advance So I'm begging now please give me One last opportunity If there's a phone in Heaven Let my mama talk to me" This song definitely brought tears to my eyes as I thought about those I've lost.
