# OUTLOOK APP ON ANDROID

DOWNLOAD, INSTALL AND MANAGE

Add outlook calendar to google calendar on android phone. How to connect outlook calendar to android. How to sync outlook 365 calendar to android phone. Export outlook calendar to android phone. Outlook calendar not syncing to android phone. How to import outlook calendar to android phone. How to sync outlook calendar with google calendar on android phone. How to share outlook calendar with android phone.

That's not to say there's anything wrong with the native Google Calendar application, but Outlook lovers will benefit from this article. Managing appointments and schedules in our busy lives is often more difficult than it should be. Even if you're linking your personal Outlook account, it should be compatible with Exchange Active Sync which is where the calendar updates will come from. Sync Google Calendar with Outlook If you want to do things in reverse, that's just as straightforward. CompanionLink for Outlook lets you choose which Outlook fields to synchronize between Google and Outlook. Formerly CompanionLink for Google, this desktop app synchronizes your contacts, calendars, to-dos, and more between Outlook and Google, and does it with ease. You can schedule synchronization, or instead tell it to synchronize each time, for example. Whether you use Office 365 or just want to sync everything on your phone, you can. Open your Google calendar and log in. Select the calendar you want to sync from the list on the left. Hover over it and select Settings. Scroll to the Integrate calendar in the new window. Select Secret Address and paste it into the box and select Add. Name your calendar and select OK. From now on, when you open Outlook it will also poll your Google calendar and update it in Outlook. If you're not syncing a work calendar and just want to link Outlook with Android, this will work too. Open the Mail app on your phone. Select Settings and Add New Account. Enter the Outlook email address and the app should pick it up. Once set up, your Outlook calendar should be available from within the Mail app. You can also link your Outlook account with Gmail which will sync the calendar as part of the deal. Give it your Google log-in information, tell it how you want to sync, and you're done. Outlook calendar not syncing to android phone. How to import outlook calendar to android phone. How to sync outlook calendar with google calendar on android phone. How to share outlook calendar with android phone.
