Vietnam consumer finance report 2020 pdf. Vietnam consumer finance report 2020.

StoxPlus, a leading financial and business information company in Vietnam and a partner of Nikkei Inc. and QUICK Corp (Japan), will host the "Executive Breakfast on Vietnam's Consumer Financial Market 2016" on June 2, 2016. The Vietnamese consumer financial market has experienced the fastest growth in 2015 in the last five years. The past year was also characterized by significant changes in competition in the consumer financial products versus alternatives, digital versus traditional sales channels, the rise of FinTech and market potential. The event will attract about 25 top-level executives from local and international banks, consumer finance actors to get an up-to-date view of the current state of the Vietnamese consumer finance market through the analysis and research of StoxPlus, and to hold open discussions on hot issues in the industry. Industry experts also have a valuable opportunity to network and understand other perspectives on the development trends and challenges of the Vietnamese consumer finance market. StoxPlus offers a comprehensive ready-to-use financial information platform, an enterprise information portal, standard and customizable research reports, and value-added services across a variety of devices including PCs, websites and mobile devices to help customers analyze and make informed decisions. Its clients are local, financial and international investment institutions, such as stock companies, investment funds, commercial banks and insurance companies. It also includes business executives, import and export traders, NGOs and private investors, both domestic and foreign. - See more in: in: StoxPlus is very proud to be a leading company in financial and business information in Vietnam, providing comprehensive information and analytical and industrial research solutions for both domestic and foreign clients.
