É uma caixa de areia online onde os jogadores podem criar quase todos os modos de jogo e compartilhá-los com os milhares de servidores disponíveis. O GMod, que atualmente está na versão 14, exige o pagamento, mas o conteúdo gerado por seus usuários pode ser baixado gratuitamente no Steam Workshop. Uma nova definição do conceito de "infinito" Em vez de fazer uma lista de atividades possíveis no Mod de Garry, o que é criar uma lista de coisas que NÃO PODE fazer? Vamos ver: Exatamente. Não há limites em Gary's Mod, não há impossíveis, não há "não" palavra. Você está olhando para a caixa de areia mais literal da história. Você pode criar missões, construções ou até mesmo filmes curtos para o YouTube. Você está faltando uma textura ou um personagem para sua última ótima ideia? Você pode criá-lo dentro do jogo, ou baixar materiais compartilhados pelos usuários. Se você é um usuário com pouca experiência em computadores e programação, o Mod de Garry irá interessá-lo porque ele permite que você baixe mapas gratuitos, mods e addons criados por seus usuários. Existem todos os tipos de conteúdos: mapas que contam uma história, mapas que se parecem com jogos terroristas, mapas panorâmicos (para que você possa configurar sua própria história). Do modo Garry você pode acessar uma grande quantidade de servidores online que incluem todo um conjunto de minigames e possibilidades. Você pode jogar futebol, você pode se inscrever para corridas de karting ou apenas se envolver em jogos de role-playing com outros usuários, como se estivesse em um mundo de fantasia heróico. Tudo é possível em Gmod. Você encontrará infinitas quantidades de diversão e lembranças no Steam Workshop. Você quer armas? Baixar Customizable Weaponry 2.0. Você quer bombas? Procure por GBombs 5.0. Você quer aviões? Olhe na comunidade WAC. Você quer carros? Baixe os carros TDM ou os carros LW. Um mod ligeiramente desatualizado Os gráficos escondem boas notícias e más notícias. O motor usado pelo modelo de Garry é Source Engine, que foi usado em jogos como Half Life 2 ou Counter Strike Source. Este motor remonta a 2004, embora funcione perfeitamente em qualquer computador. O problema é que os gráficos estão desatualizados. Esse é o preço que você tem que pagar se quiser desfrutar desta caixa de areia, especialmente se considerarmos que, se o jogo tivesse melhores gráficos, desaceleraria assim que você instalasse alguns addons. O Mod de Garry requer algum tempo de aprendizado extra para entender sua interface, quer você queira criar addons ou use addons de outras pessoas. Mas o tempo investido valerá a pena. Uma vez que você está em andamento, centenas de horas de diversão estarão esperando por você. Deixe sua imaginação voar O Mod de Garry não é um jogo: são todos os jogos que você deseja. Os únicos limites são definidos pela sua imaginação e pelo resto da comunidade. Não estamos exagerando. Faça o download do Mod de Garry e, dentro de algumas horas, sua pasta Addon ocupará quase todo o espaço disponível em seu disco rígido.
