Players can check their own sims to fulfill their wishes, and let them complete different types of actions to get simoleon, points of life and social points (all and three currencies of the game.) the game runs in real time and takes real time to complete the actions. [3] all actions must be educated by players, unlike the version of windows, where sims have a certain degree of autonomy. Players can progress through 55 levels to unlock content (such as furniture for sims houses) that can be purchased with the previously mentioned virtual currencies. families of sims may have children provided that there is an adult sim; there is a limit to the amount of couples allowed due to a limit to the amount of sims they can have in their city. in the game, there are these players who are required to complete this optional "(discovery missions. currency the game has three types of currency: Symoloons, points of life and social points, the latter which is obtainable by spending real currency or earning it in-game. [4] life internships there are six stages of life and differ from each other both in terms of graphic appearance of the sim and of the actions that can perform [5.] each sim can advance in the stage (then in age) through a birthday cake, an object obtained for the price of five points of life after a day of work on a sim in the oven. [5] the various characteristics for each phase are these: infant: to give birth to a childlike sim, you just have to buy a crib from the catalog, pay it and pay a price of 3 points of lifestyle or a fixed price in simoleons (if you already finished the life dreams and leaguecies this, or if it is your first child sim.) after it is done, it is necessary to wait 24 hours for the stork for the birth of the child sim. [5] therefore, with an update, released at the beginning of summer 2018, a pregnant sim belly grows until delivery at the end of 6 days. then the second most economical option, lasts 9 days and you can carry out various actions that at the birth of the wild sim will give him a life bonus that will give him a life bonus that at the birth of the wait is over, the player can customize the appearance, name, skin color, skin color, skin color, etc. Childish sims can only interact with teenage teensadult sims, senior sims and some pets[5] toddler: toddler sims can do many things, such as walking, talking, going to the bathroom, going to bed alone, riding toy horses and more. [5] cannot eat alone and therefore need an adult sim to give them food, unless you oi a dish cooked by an adult sim. they also need the help of an adult sim to wash. can also interact with another child sims, preteen sims and senior sims. [14] The Galtzebo site called Freeplay more than a simple social app, but a beautiful finishing of the Sims 3. [15] Nissa Campbell of TouchArcade considers the freePlay is very similar in the spirit to the original the SIMS of 2000 and seems to listen to the claims left behind in those days - to add MMORPG elements to its gameplay. [16] AppGamer also noted that the timing mechanic makes the player or love freelay or hates it, especially for those who do not like to wait for hours. [17] Eyeye.it defined the mechanics of time the worst decision in this game. [18] Censorship The video game was banned in China, Saudi Arabia, United Arab Emirates, Oman, Kuwait, Qatar and Egypt due to the possibility of establishing a homosexual relationship.
