Sample Cover Letter from Resume Wizard

(your name, address, phone, email, etc would be in here) (They come from the information you inserted into your practice resume) September 18, 2002 Dear [Name] I am interested in working as a Senior Programmer for your organization. I am an expert programmer with over 10 years of experience to offer you. I enclose my resume as a first step in exploring the possibilities of employment with Cabbage, Ltd. My most recent experience was designing an automated billing system for a trade magazine publisher. I was responsible for the overall product design, including the user interface. In addition, I developed the first draft of the operator's guide. As a Senior Programmer with your organization, I would bring a focus on quality and ease of use to your system development. Furthermore, I work well with others, and I am experienced in project management. I would appreciate your keeping this inquiry confidential. I will call you in a few days to arrange an interview at a convenient time for you. Thank you for your consideration. Sincerely, [type your name here]
