The latest update for PUBG Mobile 1.3 was released a few weeks ago and has caught the attention of gaming fans around the world. It comes with new and exciting features such as multiple game modes including 100 strokes, a new vehicle, electric glider, in-game upgrades and more. The Battle Royale title celebrated its third anniversary on March 21 with a party featuring DJs Alesso, Lost Frequencies and R3HAB on the occasion. If players have not yet downloaded the game, they can do so from the Google Play Store or via the APK file on the official website. This article provides a step-by-step guide on how to download and install PUBG Mobile 1.3 Global Version using the APK file from the official website. Warning: PUBG Mobile and PUBG Mobile Lite are banned in India. Therefore, it is strongly recommended that users from this country do not download the game. ALSO READ: PUBG Mobile Redemption Code for Today (March 24): Free Hardware, Coupon Per Case, BP and More Download PUBG Mobile 1.3 Global Version with APK from Official Site Players can download and install the PUBG Mobile 1.3 Hundred Rhythms Update by following the following Steps 1: First, users need to download and install the game's APK file from the official website linked here. The size of the APK file is approximately 943MB and the size of the in-game patches depends on the package you choose. Users should ensure that their devices have sufficient memory. Step 2: After the download is complete, they can find the file and install it. However, players must enable the "Install from Unknown Source" option if it has not already been enabled. Step 3: After installation is complete, they can open the game and choose their preferred resource pack: low specification resource pack or HD resource pack. Step 4: After installing the in-game patches, players can enjoy new game features such as game modes, firearms, vehicles, etc. If users encounter an analysis error while installing the APK, they can download the file again.try again Also Read: Redeem PUBG Mobile Codes Today (March 26): Free AG, Emotes, Bundle & More. Quick Links PUBG Mobile The long-awaited update 1.3 for PUBG Mobile has been released worldwide. The latest 1.3 update brought the popular Battle Royale title, Motor Glider vehicle, Karakin map, Sniper Rifle and more. In addition, the company announced that PUBG Mobile Season 18 will begin on March 17th. The PUBG Mobile 1.3 update is available for download on the Google Play Store and the Apple App Store with 635 MB and 1.55 GB respectively. The update is now gradually being rolled out for everyone. Players who have received the PUBG Mobile 1.3 global update can download it from the App Store, while others can install it manually using the 1.3 global APK file. Before proceeding, it is worth noting that PUBG Mobile Global 1.3 APK file size is around 50MB while the OBB weighs around 570MB. So make sure you have at least 2GB of free space on your device to install it. PUBG Mobile 1.3 Update APK + OBB Download PUBG Mobile 1.3 Update APK Download Link APK Download Link: OBB Download Link: Download PUBG Mobile Version APK File 1.3 pre- existing links. Open the file manager and install the game's APK. If you haven't enabled installing apps from unknown sources, do so by going to Settings > Security & Privacy > Install apps from unknown sources. After installing the APK, move the OBB file to Android > OBB > com.pubg.mobile. Launch PUBG Mobile 1.3 update from the home screen and log in to your account to enjoy the latest update. Those who update the game between March 9th and March 14th (UTC+0) will receive the following rewards: 3000 BP100 AGCute Kitten - Pan (3d) Related: PUBG Mobile 1.3 Update Size Revealed | Touch, Tap, Play Touch, Tap, Play is looking for experienced writers to create and edit guides for popular mobile devicesHeader switching. If mobile gaming is your passion and you want to get paid to create guides, you've come to the right place. Check out our vacancies today! The PUBG Mobile 1.2 update was released less than a month ago and is already in beta testing for the next iteration, ie. 1.3. The new Karakin map is one of the most anticipated features added to the latest beta. Players can download and test new features in the beta version before they are implemented in the global version of the game. This article will guide you to download PUBG Mobile 1.3 Global Beta Update. (Disclaimer: PUBG Mobile and PUBG Mobile Lite are banned in India, so we strongly advise users from this country not to download the game) Version 1.3 Beta, via APK file. APK Download Link: Click Here. The size of the APK file is 624MB, so users should make sure they have enough space on their device before downloading the APK file. Players can download and install PUBG Mobile 1.3 beta by following the steps below. Step 1: Download the beta APK file from the above link. Step 2: Then find and install the APK. Must enable "Install from unknown source" if not already there. Step 3: Once the installation is complete, open PUBG Mobile and select the resource pack you want. Once the download is complete, click on the guest option. Press the yellow button. Step 4: A dialog box will appear asking you to enter the invitation code. Step 5: After entering the code, players have to press the yellow button below it. Players can now enjoy the latest features included in the beta version of the game. If users encounter a parsing error while installing the beta file, they may consider downloading it again and following the same steps as above. OFis a beta version of the game, it may have some bugs and glitches. Players are encouraged to report them during the game. Also Read: PUBG Mobile vs Free Fire vs COD Mobile: Which Game Has More Maps and Game Modes in 2021? Quick Links PUBG Mobile game is very popular among smartphone users. This game was developed focusing on Android and IOS mobile users. A new version of Global + KR is currently being uploaded through the servers. Those who are waiting for the new update can download PUBG 1.3 Apk here. While PUBGMobile is an epic online action game developed in partnership with Tencent Games. Initially, the game failed to gain popularity among players. Due to major shortcomings, including technological failures. But over time, developers manage to get rid of these errors. The fighting game is becoming increasingly popular among mobile gamers. According to information from various sources, more than 1 billion mobile users have installed the game on their devices. This means that players enjoy the game with their friends and family members. In addition to games, the platform also offers this social interaction. This means that it offers a great opportunity to meet random players. Among the main features, the developers integrate this voice chat feature. This allows players to not only communicate during the game, but also help find the enemy. In the same way, experts integrate other new features inside. Many updates have been launched since the game was first released and until now. Version 1.3 is currently on the market. Where various key features have been added, including maps and rhythm modes. We will discuss these important changes in detail below. Don't worry about understanding key descriptive measures. Added to game app in latest version. If you are interested in the latest version and can't download it from Play Store. Then these players can download PUBG1.3.0 Update from this page. What is PUBG 1.3 Apk Actually it is the latest version released for both Android and IOS users. Here we present the Android version of the gaming application for mobile users. In the latest version, Tencent Games has integrated several new features. It includes Magic Herbs, Hundred Rhythms, HIP Music, Magical Music Skills, Erangel Music Festival, 3rd Anniversary Album, new firearms and vehicles, etc. The most eye-catching feature added in PUBG 1.3 Update Apk Download, is Magic Herbs with hundreds of hits. APK Information Name:PUBG 1.3Version:1.3.0Size:69.6MBDeveloper:Tencent GamesPackage Name:com.tencent.tgPrice:FreeRequired Android:5.0 and PlusCategory:Games - Activities In the past, different Halloween lights were used for different gifts. This time, Magical Plants will be offering these new amazing gifts. The player must search and find these plants on the map of Erangel. The more magical plants he manages to find, the more gifts he will receive. Which can carry various weapons and tickets to music festivals. Yes, the music festival stage is also available on the Erangel map. The latest version also adds various firearms and vehicles. Although we have not received any detailed list. Music Rhythm is being added to the game with PUBG Mobile's 3rd Anniversary Update. This means that players will get new unique gameplay settings. Due to some issues if you don't have access from the play store. Then you can download it from here. Apk Key Features Full Apk versions plus OBB are available for download. Installing the updated version will offer various major modifications. Among them is the addition of firearms and vehicles. The music festival scene is available on the Erangel map. Added more than 100 rhythms with different modes. Music rhythms are fully consistent with the 3-year anniversary update. The user interface of the game application is the same. Screenshots from the game How toApk Various platforms offer similar apk files for free. But in reality, these sites offer fake and corrupted files.
